

## Medicare Advantage

### Medicare’s “Extra Help” Program

Medicare provides “Extra Help” to pay prescription drug costs for people who have limited income and resources. Resources include your savings and stocks, but not your home or car. If you qualify, you get help paying for any Medicare drug plan’s monthly premium, yearly deductible, and prescription copayments. This Extra Help also counts toward your out-of-pocket costs.

People with limited income and resources may qualify for Extra Help. Some people automatically qualify for Extra Help and don’t need to apply. Medicare mails a letter to people who automatically qualify for Extra Help.

If you think you may qualify for Extra Help, call Social Security to apply for the program. You may also be able to apply at your State Medical Assistance or Medicaid Office. After you apply, you will get a letter letting you know if you qualify for Extra Help and what you need to do next. Here is contact information for the State Medicaid Office:

#### Already Receiving Extra Help?

If you get Extra Help from Medicare to help pay for your Medicare prescription drug plan costs, your monthly plan premium will be lower than what it would be if you did not get Extra Help from Medicare. The amount of Extra Help you get will determine your total monthly plan premium as a member of our plan.

If you already receive Extra Help, this chart shows what your monthly premium will be based on the level of Extra Help you are receiving and the plan in which you are enrolled.
