Tier 5: Specialty	You pay 32%	You pay 32%	You pay 32%	You pay 32%

Yearly deductible stage: During this stage, you pay the full cost of your Tier 3, Tier 4 and Tier 5 drugs. You stay in this stage until you have paid your Part D deductible for your Tier 3, Tier 4 and Tier 5 drugs.

Initial coverage stage: During this stage, the plan pays its share of the cost of your Tier 1 and Tier 2 drugs and you pay your share of the cost. After you (or others on your behalf) have met your Tier 3, Tier 4 and Tier 5 deductible, the plan pays its share of the costs of your Tier 3, Tier 4 and Tier 5 drugs and you pay your share. You stay in this stage until your year-to-date “total drug costs” (your payments plus any Part D plan’s payments) total **\$4,430**.

Additional Gap Coverage: You also receive some coverage for generic drugs. For drugs on Tier 1 you pay the same share of the cost that you normally pay while in the Initial Coverage Stage, or 25% of the costs, whichever is lower. For all other generic drugs besides those on Tier 1, you pay 25% of the costs.

During this stage, you pay 25% of the price for brand name drugs (plus a portion of the dispensing fee). For generic drugs, the amount paid by the plan (75%) does not count toward your out-of-pocket costs. Only the amount you pay counts and moves you through the coverage gap.

Cost-Sharing may change depending on the pharmacy you choose (preferred or non-preferred, mail order, Long Term Care (LTC) or home infusion, and 30- or 90-day supply) and when you enter another of the four stages of the Part D benefit. For more information on the additional pharmacy-specific cost-sharing and the stages of the benefit, please call us or access our *Evidence of Coverage* online at www.scblesmedadvantage.com/marx22.

Catastrophic Coverage: After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach **\$7,050**, you pay the greater of:

- **5%** of the cost, or
- **\$3.95** copay for generic (including brand drugs treated as generic) and **\$9.85** copay for all other drugs.

For 2022, this plan participates in the Part D Senior Savings Model which offers lower, stable, and predictable out of pocket costs for covered insulin through the different Part D benefit coverage stages. You will pay a maximum of \$35 for a 1-month supply of covered insulin during the deductible, initial coverage and coverage gap or "donut hole" stages of your benefit. You will pay 5% of the cost of your covered insulin in the catastrophic stage. Your cost maybe less if you receive "Extra Help" from Medicare.

For coverage and cost of Original Medicare, look in your current **2022 Medicare & You** handbook. View it online at www.medicare.gov, or get a copy by calling 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048. You can call these numbers for free, 24 hours a day, 7 days a week.

You must continue to pay your Part B premium.

Limitations, copayments, and restrictions may apply. Benefits, premiums, copayments or coinsurance may change on January 1 of each year.

Out-of-network/non-contracted providers are under no obligation to treat BlueCross Total members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service number, (855) 204-2744, or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.
