

Monthly Plan Premium for People who get Extra Help from Medicare to Help Pay for their Prescription Drug Costs

If you get extra help from Medicare to help pay for your Medicare prescription drug plan costs, your monthly plan premium will be lower than what it would be if you did not get extra help from Medicare. The amount of extra help you get will determine your total monthly plan premium as a member of our Plan.

This table shows you what your monthly plan premium will be if you get extra help.

Table with 4 columns: Your level of extra help, Monthly Premium for BlueCross Total Upstate*, Monthly Premium for BlueCross Total Midlands/Coastal*, Monthly Premium for BlueCross Total Lowcountry*. Rows show percentages from 100% to 25% and corresponding premium amounts.

*This does not include any Medicare Part B premium you may have to pay.

BlueCross Total’s premium includes coverage for both medical services and prescription drug coverage.
