

Medicare Prescription Payment Plan Terms and Conditions

The Medicare Prescription Payment Plan is a new payment option that works with your current drug coverage to help you manage out-of-pocket Medicare Part D drug costs by spreading them across the calendar year. Participation in the Medicare Prescription Payment Plan is voluntary. Blue Cross and Blue Shield of South Carolina (“BCBSSC”) will calculate your monthly payments based on Medicare rules. Your payments may not be the same every month.

If you do not pay amounts due, BCBSSC may remove you from the Medicare Prescription Payment Plan. This will mean that you will need to pay future out-of-pocket costs to the pharmacy. Failure to pay under the Medicare Prescription Payment Plan may also affect your eligibility for a payment plan in future years. However, termination from the Medicare Prescription Payment Plan does not impact your enrollment in your Part D drug plan.

You may opt out of the Medicare Prescription Payment Plan at any time. BCBSSC will continue to bill you for outstanding amounts after you opt out, and you will have the option of paying monthly or as a lump sum. After opting out, you will pay any new out-of-pocket costs directly to the pharmacy. If you leave your Medicare Part D drug plan while you have outstanding amounts due under the Medicare Prescription Payment Plan, BCBSSC will continue to bill you for those amounts.

Past due amounts under the Medicare Prescription Payment Plan will become a debt that you owe us. BCBSSC may take steps to collect this debt that are consistent with state and federal law.
